

Request for Endorsement

In 1989, the United Nations General Assembly adopted the Convention on the Rights of the Child. This important initiative addresses the rights of all children, as indicated in the Declaration of the Rights of the Child, "the child, by reason of his physical and mental immaturity, needs special safeguards and care, including appropriate legal protection, before as well as after birth".

To bring more awareness to children's rights, to show our community that children are important and to give children a voice to speak up about their rights, Make Children First has worked with children and youth of all ages, community professionals, schools, and organizations, to create the **Kamloops Children's Charter of Rights** and the **Kamloops Youth's Charter of Rights**. These Charters are a foundation for our community to build upon to best support a greater understanding of the value of children and youth and their fundamental rights, working together to create a better quality of life for everyone.

The Make Children First Coalition respectfully requests that the leaders of your organization or company accept and endorse the Kamloops Children's Charter of Rights and/or the Kamloops Youth's Charter of Rights.
